

**Green.** What does it mean? Sustainable. Local. Organic. Fair trade. Hand made.

**The Greenery** is for people seeking a greater good and fewer toxins, greater detail and less plastic, greater meaning and less clutter.

We cater to socially conscious consumers – people who don't want to give their cash to corporations that undermine everything creative, joyful and natural.

A small business that supports hundreds of local and global artists, **The Greenery** offers an alternative to the box store.

**The Greenery** is also a neighborhood flower shop located in historic Scituate, Rhode Island. We make floral arrangements and wreaths to order, and we deliver!
